Questions Asked via E-mail

Q1: I have reviewed the plans for this bid and don't see where the desilting pipe will take place. Can you verify where desilting is required for this project?

A1: As stated in Addendum 1, Answer 15, Contractor shall include in their bid a cost to desilt all existing storm pipe within the project limits.

Q2: Is there a specific bid bond form for the project?

A2: There is not a specific bid bond form, just a standard bid bond is acceptable.

Q3: The existing inlets along the west and north side of the existing roadway already have a curb inlet top on them (although not FDOT Type 5 or 6). Please verify that these existing inlets are to be modified with new inlet tops.

A3: Lake County is not looking to modify or replace the curb inlet tops that are already constructed and in place.
