1. DEFINITIONS

“Contract” or “Agreement” means the contract Contractor is entering into with Lake County, including all documents and exhibits which are expressly incorporated by reference, and any amendments thereto, regardless of the title of the primary agreement document. The term “Agreement” may be used interchangeably with the term “Contract.”

“Contractor” means the entity responding to a solicitation and, upon award, entering a contract with Lake County to provide goods or services. The term “contractor” may be used interchangeably with the terms “bidder”, “respondent”, “contractor”, “vendor”, “submitter”, or “proposer” in relation to any solicitation for goods or services.

“County” means Lake County, Florida, a political subdivision of the State of Florida.

“CCNA” refers to the Consultant’s Competitive Negotiation Act, pursuant to Section 287.055, Florida Statutes.

“Proposal” Any offer submitted in response to a solicitation, whether formal or informal.

“Solicitation” means the written document(s) describing and/or requesting bids, quotes, or proposals from the marketplace, whether formal or informal.

2. NON-COLLUSION

Contractor certifies that the offer made during the solicitation process and prices provided to the County were arrived at independently, without collusion, communication, or agreement for the purpose of restricting competition with any other contractor, consultant, bidder, or potential bidder, and in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary bid. No attempts were made to solicit, cause, or introduce any other firm or person to refrain from bidding on this project, or to submit a bid higher than Contractor’s bid, or any intentionally high or non-competitive bid or other form of complementary bid. Should County become aware of collusive acts by the Contractor in submitting its bid, County reserves the right to terminate the resulting contract without cost or penalty to County.

3. PROHIBITION AGAINST CONTINGENT FEES

Contractor warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for Contractor to solicit or secure the contract with County and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for Contractor, any consideration contingent upon or resulting from the award or making of the contract.

4. CONFLICTS OF INTEREST, CONTRACTING WITH COUNTY EMPLOYEES

Contractor agrees that it will not engage in any action that would create a conflict of interest in the performance of its obligations pursuant to the contract, or which would violate or cause others to violate the provisions of Part III, Chapter 112, Florida Statutes, relating to ethics in government. Further, Contractor hereby certifies that no officer, agent, or employee of the County has any material interest either directly or indirectly in the business of Contractor conducted under the contract and that no such person may have any such interest at any time during the term of this contract unless approved by the County in writing. Contractor shall promptly disclose in writing to County any circumstances that arise during the term of the contract that could reasonably be viewed as an actual, potential, or apparent conflict of interest, and shall take all steps reasonably requested by County to mitigate or eliminate such conflict.

5. INSURANCE & PERFORMANCE SECURITY

Contractor shall be required to purchase and maintain during the term of the contract policies of insurance as indicated by County in its solicitation without cost or expense to County. Contractor shall provide County with evidence of insurance satisfactory to County. Further, if required by County, Contractor shall provide County with a performance and payment bond in the form specified by County, prior to initiation of any work.

The Parties' rights and obligations under the Contract are contingent upon and subject to Contractor securing and/or providing any performance security or insurance coverage(s) required by the Contract within ten (10) business days of the Effective Date, unless another date is expressly designated. No services will be performed by Contractor, and County will not incur any obligations of any type until Contractor satisfies these conditions. Unless waived in writing by County, in the event Contractor fails to satisfy the conditions precedent within the time required, the Agreement will be deemed not to have been entered into and will be null and void.

6. LOCAL GOVERNMENT PROMPT PAYMENT ACT

County will make payment on all properly submitted invoices in accordance with the Florida Local Government Prompt Payment Act, Chapter 218, Part VII, Florida Statutes. Failure to submit a proper invoice will delay payment. Improper payment requests and disputes will be resolved in accordance with County's purchasing policies and Section 218.76, Florida Statutes.

7. GRANT FUNDING

In the event any part of a contract is to be funded by federal, state, or other local agency monies ("Funding Entity"), Contractor agrees to comply with all requirements of the funding entity applicable to the use of the monies for the purchase of goods and/or services from Contractor, including compliance with any flow-down requirements to Contractor's subcontracts. Contractor is advised that payments under the contract may be withheld pending completion and submission of all required forms and documents required of the Contractor pursuant to the grant funding requirements. Contractor acknowledges that failure to comply with Funding Entity requirements may result in disallowance of costs, repayment obligations, or other sanctions. Contractor shall be responsible for any costs, damages, repayments, or penalties imposed on or required of County by a Funding Entity to the extent caused by Contractor's noncompliance.

8. DISADVANTAGED BUSINESSES (PROJECTS UTILIZING STATE OR FEDERAL TRANSIT FUNDS)

County has adopted Policy LCC-80 which assures and encourages the full participation of Disadvantaged Business Enterprises (DBE) in the provision of goods and services for projects utilizing state or federal transit funding or grants. When a contract is funded utilizing state and/or federal transit funding or grants, Contractor shall comply with County Policy assuring and encouraging the participation of DBE in the provision of goods and services, as such policy may be amended from time to time, as well as the applicable provisions of 49 CFR Part 26.

9. STATE REGISTRATION REQUIREMENTS

Any entity conducting business in Florida shall either be registered or have applied for registration with the Florida Department of State in accordance with Florida law, unless exempt from registration. A copy of registration may be required prior to award of a contract. Additional information is available by visiting the Florida Department of State, Division of Corporations website (<https://dos.fl.gov/sunbiz/>). If Contractor claims an exemption from registration, Contractor shall provide a written explanation and certification of the exemption claimed to County along with proof Contractor is in good standing in the state in which it is registered.

10. PRIME CONTRACTOR

Contractor shall act as the prime contractor in providing the goods and/or services required by County and will assume full responsibility for the successful performance under the contract. Contractor will be considered the sole point of contact regarding meeting all requirements of the contract. Contractor's subcontractors may be subject to advance review by the County regarding competency and security concerns. Contractor will be responsible for all insurance, permits, licenses, and related matters for all subcontractors utilized by Contractor to provide the goods and/or services under the contract. County may require Contractor to provide any insurance certificates required by the work to be performed even if the subcontractor is self-insured.

11. SUBCONTRACTING

Unless otherwise stipulated in a solicitation, Contractor shall not subcontract any portion of the work without the prior written consent of the County. No change, addition, or substitution of any subcontractor, or material change to the scope of a subcontract, may be made without the County's prior written consent after award of the contract. Subcontracting without the prior consent of the County may result in termination of the contract by County. Approval, review, or oversight by County of any subcontractor, or the County's communication with or direction regarding any subcontractor, shall not relieve or reduce the Contractor's obligations or liability for performance, nor create any duty or liability of the County to any subcontractor.

For agreements subject to the Consultants' Competitive Negotiation Act (CCNA) as provided by Section 287.055, Florida Statutes, the CCNA-specific terms of the contract shall control and supersede any inconsistent subcontracting provisions in this Section.

12. BINDING EFFECT OF AGREEMENT

The contract will be binding upon and will inure to the benefit of each of the parties and respective successors and permitted assigns. The contract may not be amended, released, discharged, rescinded, or abandoned except by a written instrument duly executed by the parties following County's procurement procedures. Contractor's submission of a quote or proposal in response to a solicitation by County, whether formal or informal, constitutes Contractor's assent to be bound by the County's terms and conditions included herein and in any accompanying County-supplied contract documents included with the solicitation.

13. NO ADDITIONAL OR CONFLICTING CONTRACTOR TERMS

13.1 Express Rejection of Contractor Terms.

County expressly objects to, rejects, and disclaims any and all additional or different terms and conditions proposed or supplied by Contractor, regardless of form or timing, including, without limitation, any terms contained in or referenced in any Contractor quote, proposal, bid, invoice, order acknowledgement, packing slip, bill of lading, email, hyperlink, website, online portal, click-through or browsewrap page, shrinkwrap or box-top terms, or other communications or documents, whether written, oral, or electronic.

13.2 Online/Browsewrap/Clickwrap/Shrinkwrap Terms.

Without limiting the foregoing, County rejects and will not be bound by any browsewrap, clickwrap, click-through, web-posted, portal-based, shrinkwrap, box-top, or similar online or embedded terms, even if access is provided to, or use is made of, Contractor websites, portals, tools, software, or services, and even if County is required to "accept," "agree," or click through such terms to proceed.

13.3 Void and No Effect.

Any such additional or different terms referenced in the foregoing subparagraphs are void and of no effect, shall be deemed material and expressly objected to by County, and shall not modify, supplement, or become part of any contract between the parties.

13.4 Controlling Terms; No Implied Assent by County.

The terms and conditions supplied by County, (including any terms included or referenced in any Purchase Order, Scope(s) of Work, and solicitation documents issued by County) control and govern all goods and services provided by Contractor. Commencement of performance by Contractor, shipment, delivery, performance, or County's acceptance, inspection, use of goods or services, or payment, shall not constitute or be deemed County's assent to any Contractor terms or any modification of the contract.

13.5 Exclusive Method of Amendment.

Any change to, or deviation from, the terms and conditions supplied by County is effective only if set forth in a written amendment or contract modification expressly referencing the contract and signed by authorized representatives of both parties in accordance with County's purchasing procedures. No other act, usage, course of dealing, course of performance, trade practice, email exchange, or click-through shall modify the contract.

13.6 Contractors Acceptance by Performance.

Contractor's commencement of performance, preparation for performance, or delivery under a Purchase Order issued by County constitutes Contractor's acceptance of the terms and conditions set forth in this document and County provided materials to the exclusion of any Contractor supplied terms.

14. NO WAIVER

The failure of any party at any time to enforce any of the provisions of the contract will in no way constitute or be construed as a waiver of such provision or of any other provision of the contract, nor in any way affect the validity of, or the right to enforce, each and every provision of the contract. Any dispute arising during contract performance that is not readily rectified by coordination between the Contractor and the County user department will be referred to Procurement Services.

15. CONTRACT EXTENSIONS

County has the unilateral option to extend a contract for up to ninety (90) calendar days beyond the expiration of a contract Term. In such event, County will notify Contractor in writing of the extension. The contract may be extended beyond the initial ninety (90) day extension upon the mutual, written agreement of County and Contractor.

16. CONTINUATION OF WORK

Any work that commences prior to, and will extend, beyond the expiration date of any contract period must, unless terminated by the mutual written agreement of County and Contractor, continue until completion at the same prices, terms, and conditions.

17. MODIFICATION OF CONTRACT

The contract may be modified by mutual consent of duly authorized parties through the issuance of a contract modification, change order, purchase order, or formal amendment, as appropriate, but to be effective and binding, the modification must be in writing, executed by the parties following the County's procurement procedures. No modification shall be binding upon the County unless approved in accordance with County policies and signed by an authorized County representative.

18. NON-EXCLUSIVITY

It is the intent of County to enter into a contract that will satisfy its needs as described within the solicitation. However, County reserves the absolute right to perform, or cause to be performed, all or any of the work and services described in the manner deemed to represent its best interests. Services not specifically identified but similar in nature may be added to the contract upon execution of a written amendment.

19. RETAINING OTHER CONTRACTORS

Nothing in the contract will be deemed to prevent County from retaining the services of other persons or entities providing the same or similar goods and/or services as those provided by Contractor or from independently developing or acquiring materials or programs that are similar to, or competitive with, the goods/services provided. No guarantee of exclusivity, volume, or continued work is provided to Contractor under the contract.

20. ASSIGNMENT

Contractor shall not assign, transfer, or otherwise convey the contract, in whole or in part, or delegate any duty thereunder, including any rights, title or interests, or authority to execute the contract without County's prior written consent, which County may grant, condition, or withhold in its sole discretion. Any contract assumption or novation shall require such consent and be in writing at least thirty (30) days prior to the proposed effective date. Contractor shall timely provide all documentation necessary to complete County's review and approval process. This provision also applies to any acquisition, merger, or hostile takeover of Contractor. Failure to provide timely notification or obtain County's written consent may result in a material breach of contract, termination by the County, or the assessment of a processing fee. Any attempted assignment or delegation in violation of this Section is void.

21. USE BY OTHER GOVERNMENTAL AGENCIES ("PIGGYBACKING")

Other governmental agencies may make purchases in accordance with the contract, with Contractor's consent. Purchases are governed by the contract's terms and conditions except for the change in agency name. Agencies will be responsible and liable for their own purchases of materials or services under the contract. County is not responsible for determining whether the other agency's use of a County contract is proper and County shall bear no liability whatsoever for any such use. A "piggybacking" agency must get written approval from County to utilize contracts that include confidential and/or exempt information including, but not limited to, those related to cybersecurity, which County may grant or withhold in its sole discretion. The "piggybacking" agency will be required to sign a confidentiality agreement. This provision does not extend to contracts entered by County under the Consultant's Competitive Negotiation Act (CCNA).

22. USING DEPARTMENTS

Unless expressly stated otherwise in the Scope of Work, any County department avail itself of this contract and procure the goods/services provided by Contractor at the contract price(s) established under the contract ("Using Department"). A contract modification may be issued by the County identifying the requirements of any specific County department(s), if County deems it is necessary.

23. WARRANTIES

All warranties expressed and implied will be provided to County for goods and services provided under the contract. Contractor agrees that the goods/services furnished under this contract will be covered under the most favorable commercial warranty given by Contractor to any customer, or which may be provided by law, equity, or statute for said goods and services including, but not limited to, warranties of merchantability and fitness for a particular purpose; these rights and remedies shall be in addition to, and

shall not be a limitation of, any rights afforded to County by any other provision of the contract or those implied warranties to which County is entitled to as a matter of law.

Warranties will begin on the date of County's acceptance, which will be the date final payment is issued to Contractor and will last for a period of twelve (12) months unless otherwise specified in the Scope of Work, plans, or specifications. Contractor will obtain and assign to County all express warranties given to Contractor or any of its subcontractors by any material suppliers and for any equipment or fixtures to be incorporated into the Work. Any special conditions within the Scope of Work supersede the manufacturer's standard warranty where such conditions are most favorable to County. All warranties shall survive acceptance, payment, and termination of the contract.

24. DEFICIENCIES IN WORK

Contractor shall be responsible for promptly correcting any deficiency or defect in work, including any work that fails to conform to contract requirements, whether apparent or latent, at no cost to County, within seven (7) days after County notifies Contractor of such deficiency in writing, regardless of project completion status. If Contractor fails to honor the warranty or fails to correct or replace the defective work or items within the period specified, County may, at its sole discretion, notify Contractor in writing that Contractor may be debarred as a County vendor, and become subject to contractual default if the corrections or replacements are not completed to the satisfaction of County within five (5) calendar days of receipt of the notice. If Contractor fails to satisfy the warranty/correct the work within the period specified in the notice, County may: (i) place Contractor in default of its agreement; and (ii) procure the products or services from another source and charge Contractor for any additional costs that are incurred by County for this work or items, either through a credit memorandum or through invoicing.

25. COUNTY IS TAX-EXEMPT

When making direct purchases, County is generally exempt from Federal Excise Taxes and all State of Florida sales and use taxes (85-8013874700C-1). Except for materials specifically identified and accepted by the County for direct County purchase under the Sales Tax Recovery Program, contractors conducting business with the County are not exempt from paying sales tax to their suppliers for materials to fulfill contractual obligations. Contractors are also prohibited from using the County's Tax Exemption Certificate when procuring materials; misuse of the County's tax exemption shall constitute fraud and grounds for termination and legal action. Contractor may obtain a copy of the County's Tax Exemption Certificate at https://bccnet.lakecountyfl.gov/documents/finance/forms/Tax_Exemption_Form.pdf.

26. SHIPPING TERMS, F.O.B. - DESTINATION

The F.O.B. point for any product ordered will be F.O.B.: DESTINATION – Inside Delivery, FREIGHT ALLOWED. County will not consider any Contractor proposal showing a F.O.B. point other than F.O.B.: Destination – Inside Delivery. Risk of loss remains solely with Contractor until final acceptance by County.

27. ACCEPTANCE OF GOODS AND SERVICES

Goods or services provided under the contract will remain the property of Contractor, and services rendered will not be considered complete, until County has conducted a physical inspection, verified actual performance, and accepted the goods or services as compliant with all contract terms and specifications. Acceptance is solely within County's discretion and does not waive any rights or warranties.

County reserves the right to inspect or test any goods or services delivered for compliance with contract specifications. If any goods or services are found to be defective, nonconforming, or otherwise inconsistent with the contract requirements, County may, at its discretion, terminate the contract for

cause or require corrective action by Contractor. Such corrective action may include return and replacement of non-compliant goods or the issuance of a full credit by Contractor. All costs associated with corrective action, including return shipping or replacement, shall be borne by Contractor.

County will not be responsible for payment for any goods or services that fail to meet contract specifications. In addition, if Contractor fails to deliver acceptable goods or services by the date specified in a purchase order or contract, County may procure the required goods or services from another source. Any cost incurred by County because of such re-procurement, plus any increased product or service cost as well as administrative or handling costs, shall be charged to the Contractor and may be withheld from any amounts otherwise owed to the Contractor.

In no event shall County be liable for payment exceeding the quantity or value of goods or services actually delivered and accepted under the contract.

28. OPEN QUANTITY CONTRACT

Unless expressly stated otherwise in the Scope of Work, Contractor acknowledges and agrees that this contract is an open quantity contract. County makes no guarantees, express or implied, as to quantities or dollar value that will be used during the contract period. County is not obligated to place an order for any given amount after the award of a contract and does not guarantee any minimum amount of work. Furthermore, Contractor agrees and acknowledges that in the event Contractor cannot meet County's specifications including, but not limited to, time for completion or cost for any individual project/order, County reserves the sole right to offer the individual project/order to County's other contractor(s) or procure needed goods/services separately utilizing the County's procurement procedures. Except for contracts entered under CCNA, if multiple contracts are in place for the same goods/services, County may request competitive price quotes from all contractors under contract to award the work.

29. ADDITIONAL SERVICES & ANCILLARY ITEMS

Services not specifically identified in the contract may be added upon execution of a written amendment. County reserves the right to award any additional services to Contractor or acquire the items from another vendor through a separate solicitation. While the County has listed all major items within a solicitation, there may be ancillary or similar items purchased by the County during the term of a contract. Contractor will provide a price quote for the ancillary items upon request; County may request price quotes from all Contractors under contract if there are multiple contracts awarded. County reserves the right to award these ancillary items to the primary Contractor; another contractor based on the lowest price quoted, if multiple contractors; or to acquire the items separately utilizing the County's procurement procedures.

Although a contract may identify specific locations to be serviced, it is hereby agreed and understood that any County department or facility may be added or deleted to the contract at the option of the County. The location change will be addressed by formal contract modification. The County may obtain price quotes for the additional facilities from other contractors if fair and reasonable pricing is not obtained from the Contractor, or for other reasons at the County's discretion. It is hereby agreed and understood that the County may delete service locations when such service is no longer required, upon fourteen (14) calendar days' written notice to the Contractor.

30. BEST PRICING OFFER

For contracts related to the provision of goods or products, if during the term of the contract County becomes aware of better pricing offered by the Contractor for substantially the same or a smaller quantity of a product outside the contract, but upon the same or similar terms of the contract, then Contractor will

extend the lower pricing to County or County may purchase that item for the lower price from another provider. County will provide proof that the lower price is offered by another provider when requesting that Contractor reduce its prices. If Contractor lowers their pricing during the term of the contract, Contractor will automatically furnish the lower price to County without prompting.

31. ACCURACY

Contractor shall be responsible for the professional quality, technical accuracy, timely completion, and coordination of all services furnished under the contract. Contractor shall, without additional compensation, timely correct or revise any errors, omissions, or other deficiencies resulting from the services provided.

32. SAFETY

Contractor is responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work and for complying with all requirements of the Occupational Safety and Health Administration Act (OSHA) and any other industry, federal, state or local government standards including, but not limited to, the National Institute of Occupational Safety Hazards (NIOSH), and the National Fire Protection Association (NFPA). Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury, or loss to, persons and property.

Contractor shall provide, and its employees shall utilize, all standard equipment, work operations, safety equipment, personal protective equipment, and lighting required or mandated by State, Federal, OSHA, or Americans with Disabilities Act of 1990 (ADA) regulations. All safety devices installed by the manufacturer on equipment utilized by the Contractor must be in place and in proper working order at all times; Contractor shall immediately repair or remove and replace any defective or altered equipment.

Contractor shall designate a competent person from its organization whose duty will be the prevention of accidents at the site. This person must be literate and able to communicate fully in English because of the necessity to read job instructions and signs, as well as the need for conversing with County personnel, other contractors, and persons affected by the work. This person must be the Contractor's superintendent unless otherwise designated in writing by Contractor to the Project Manager.

Contractor acknowledges that while working for County, representatives from agencies such as OSHA are invitees and need not have warrants or permission to enter the work site. Any fines levied by environmental or occupational health and safety authorities for failure to comply with these requirements will be borne solely by Contractor. Contractor certifies that all material, equipment, etc., to be used meet OSHA requirements and, if found to be deficient in any OSHA requirement in effect on the date of delivery, all costs necessary to bring the material, equipment, etc., into compliance will be borne by the Contractor.

County may periodically monitor the work site for safety; should County observe safety or health violations, County has the authority, but not the duty, to require Contractor correct the violation in an expeditious manner. If there is any situation that is deemed unsafe by County, the work will be shut down immediately upon notice and will not resume until the unsafe condition has been remedied. No additional compensation or extension of time will be provided to Contractor and Contractor shall not be entitled to reimbursement of any demobilization costs, remobilization costs, or other expenses incurred resulting from work stoppage. If the violation is not corrected within a reasonable time, County may, in its sole discretion, declare Contractor to be in default and terminate the agreement for cause.

Contractor shall be responsible for familiarizing itself with the work and retains ultimate responsibility for ensuring all work is performed in a manner consistent with all applicable safety standards and directives

and is solely responsible for identifying and providing any additional safety measures required due to unique hazards related to the nature or location of the work.

33. SAFETY DATA SHEETS (SDS)

Contractor is responsible for ensuring County receives the latest version of any SDS required by 29 C.F.R. Section 1910.1200 with the first shipment of any hazardous material. Contractor shall maintain SDS for any materials utilized by Contractor in the performance of the work. Contractor shall promptly provide a new SDS to County with updated information relevant to the specific material at any time the content of an SDS is revised.

34. TOBACCO, ALCOHOL, AND DRUGS

The use of tobacco products, including smoking and smokeless tobacco, as well as vaping devices, alcohol, and illegal drugs, are strictly prohibited on County owned property. If Contractor becomes aware of alcohol or illegal drug use by Contractor's employees or subcontractors while on County property, Contractor shall immediately remove the individual(s) from the jobsite and notify County. County may, in its discretion, require Contractor to remove individuals it reasonably believes to be under the influence of drugs or alcohol.

35. CLEAN-UP

If applicable, all unusable materials and debris must be removed from the premises at the end of each workday and disposed of in an appropriate manner at no additional cost to County. Contractor must maintain sufficient and service appropriate supplies on-site to perform clean-up activities. At no time may Contractor use County's cleaning supplies or equipment. Upon final completion, Contractor shall thoroughly clean-up all areas impacted by the work, as mutually agreed to with the County's Project Manager. If at any time Contractor fails to clean up the work area to acceptable levels, County may retain outside cleaning services and the actual cost for cleaning services will be deducted from Contractor's final payment. A minimum of \$50.00 to cover County's time for securing services to properly clean and inspect the site will be charged to Contractor for each occurrence.

36. PROTECTION OF PROPERTY

All existing structures, utilities, services, roads, trees, shrubbery, and property in which County has an interest, as well as any adjacent private property, must be protected against damage or interrupted services by Contractor. All necessary protective equipment, fencing, barriers, or similar structures, including pollution, erosion, and sediment controls, must be in place before the start of work and be maintained for the duration of the work. Contractor will be held responsible for repairing or replacing property to the satisfaction of the County which is damaged by reason of Contractor's operations. In the event Contractor fails to comply with these requirements, County reserves the right to secure the required services and charge the costs of such services back to Contractor. Contractor assumes the risk of loss of damage to the County's property during possession of such property by Contractor and until delivery to and acceptance of that property to County. Contractor will immediately repair, replace or make good on the loss or damage without cost to County, whether the loss or damage results from acts or omissions, negligent or otherwise, of Contractor or a third-party.

37. CERTIFICATION, LICENSURE, PERMITS, AND FEES

Contractor shall, at the time it submits any offer to County and for the full term of the contract, maintain all licenses, certifications, qualifications, and levels of experience and training required by applicable state or local regulatory authorities and as expressly stated or implied by the County in the solicitation documents and any scope of work to provide the goods and/or services required under the contract. Contractor shall promptly notify County in writing of any investigations, notices, or violations arising from

or related to the Contractor's performance of the contract by any licensing, certifying, or regulatory body overseeing contractor's profession.

Contractor will be solely responsible for obtaining all necessary licenses, approvals, permits, and inspections (to include payment of fees) required to complete the service, unless expressly stated otherwise in the scope of work or solicitation documents, and shall comply with all laws, ordinances, regulations, building, or other code requirements applicable to the work.

Contractor shall ensure that any subcontractor engaged by Contractor to perform work under the contract is appropriately licensed and qualified to perform its portion of the work; Contractor shall be responsible for verifying the competency of its subcontractors and suppliers. 43.6 Contractor shall indemnify, defend, and hold the County harmless for and against any and all claims, damage awards, and causes of action arising from the Contractor's failure to comply with the public records disclosure requirements of Section 119.07(1), Florida Statutes, or by Contractor's failure to maintain public records that are exempt or confidential and exempt from the public records disclosure requirements including, but not limited to, any third party claims or awards for attorney's fees and costs arising therefrom. Contractor authorizes County to seek declaratory, injunctive, or other appropriate relief against Contractor from a Circuit Court in Lake County on an expedited basis to enforce the requirements of this section.

43.7 The Parties acknowledge and agree that the statements and provisions in this Section are required by Florida Statutes to be included in certain contracts. The inclusion of these provisions will not be construed to imply that Contractor has been delegated any governmental decision-making authority, governmental responsibility, or governmental function, or that Contractor is acting on behalf of the County as provided under section 119.011(2), Florida Statutes. As stated above, Contractor may contact County with questions regarding the application of the Public Records Law; however, Contractor is advised to seek independent legal counsel as to its legal obligations. County cannot provide Contractor advice regarding its legal rights or obligations.

44. PROPRIETARY/CONFIDENTIAL INFORMATION

44.1. Solicitation Documents, Quotes, Vendor Proposals.

All information submitted in response to a solicitation will be available for public inspection in compliance with Chapter 119 of the Florida Statutes (the "Public Record Act"); Contractor should not submit any information in response to a solicitation which the Contractor considers proprietary or confidential. The

submission of any information to County in connection with a solicitation will be deemed a waiver from release of the submitted information unless Contractor specifically asserts confidentiality by citing the specific statute/law that provides an exemption/confidentiality and clearly identifies the specific section(s) of the Vendor's documents to which it applies, otherwise all confidentiality is waived by Vendor. FAILURE TO SPECIFICALLY CITE AN EXCEPTION TO STATE PUBLIC RECORDS LAW OR FEDERAL LAW WILL BE DEEMED A WAIVER; GENERAL ASSERTIONS OF CONFIDENTIALITY ARE NOT ACCEPTED.

44.2. Confidential and/or Exempt Information.

Contractor must maintain the confidential and/or exempt nature of all confidential and/or exempt documents received as part of a solicitation and contract and which are produced by Contractor under the contract. Contractor, upon request, will provide written certification to County that all documents designated as confidential and/or exempt have been returned to County or destroyed; County's failure to request written certification is not a waiver of Contractor's responsibilities under this section.

45. TERMINATION

45.1. Termination for Convenience

The County, at its sole discretion, reserves the right to terminate the contract upon thirty (30) days written notice to Contractor without penalty to County; but if any service under this Agreement is in progress but not completed as of the date of termination, then this Agreement may be extended upon written approval of the County until said service is completed and accepted. Upon receipt of such notice, the Contractor shall not incur any additional costs under the contract unless expressly authorized to do so by County. In the event this Agreement is terminated or cancelled upon the request and for the convenience of the County with the required thirty (30) day advance written notice, County shall reimburse Contractor for actual work satisfactorily completed and reasonable expenses incurred by Contractor prior to the date of termination. The County will be the sole judge of "reasonable costs."

45.2. Termination due to Unavailability of Funding

When funds are not appropriated or otherwise made available to support continuation of performance of the contract in a current or subsequent fiscal year, the contract will be cancelled by the County without penalty, and the Contractor will be reimbursed for the reasonable value of any non-recurring costs incurred amortized in the price of the supplies or services/tasks delivered under the contract.

45.3. Termination for Cause or Default

The County reserves the right to terminate any contract, in whole or in part, or effect other appropriate remedy, in the event of Contractor's actual or anticipated failure to perform in accordance with any of the terms and conditions in the contract documents. County further reserves the right to suspend or debar Contractor in accordance with the County's ordinances, resolutions, and administrative orders. County will provide Contractor written notice of default and County's intent to terminate the contract and Contractor will be given ten (10) business days to cure the default. If the default is not cured to the satisfaction of the County within the time provided, the County shall have the right, in its sole discretion, to take any of the following action(s): (i) immediately terminate the agreement in whole or in part by written notice thereof; (ii) begin assessment of liquidated damages, if applicable; (iii) upon written request by Contractor setting forth a reasonable basis for additional time, grant Contractor additional time to cure the default; and/or (iv) take such any other action as County deems in its best interest,

including, but not limited to, seeking all available legal and equitable remedies. Termination costs shall not apply to County. The thirty (30) day advance notice requirement is waived in the event of termination for cause. In the event of termination for default, the County may procure the required goods and/or services from any source, using any method it deems to be in its best interest. All re-procurement costs will be borne by the Contractor; County shall have the right to withhold final payment to Contractor to cover costs incurred resulting from Contractor's breach of contract

46. COPYRIGHTS

Any copyright derived from a contract will belong to the author. The author and the Contractor shall expressly assign to County nonexclusive, royalty free rights to use any and all information provided by Contractor in any deliverable or report for the County's use, which may include publishing in County documents and distribution as the County deems to be in its best interest. If anything included in any deliverable limits the rights of the County to use the information, the deliverable will be considered defective and not acceptable and the Contractor will not be eligible for any compensation.

County owns and retains all proprietary rights and interest in its logos, trademarks, trade names, and copyrighted images (Intellectual Property). As such, nothing in any solicitation permits or shall be construed as authorizing Vendor or Contractor to use or display County's Intellectual Property. The County has the right to redact the County Logo displayed on any submission. No intellectual property created under this Agreement may be reused by Contractor for another client if such reuse would impair the County's interests. Use of any County Intellectual Property requires express written consent from the County. Any unauthorized use shall constitute a material breach of this Agreement and may result in termination and all other remedies available to the County.

47. SOVEREIGN IMMUNITY

County expressly retains all rights, benefits, and immunities of sovereign immunity in accordance with Section 768.28, Florida Statutes. Contractor shall provide written notice to the County within five (5) business days of becoming aware of a force majeure that will significantly delay performance. Failure to provide timely notice shall constitute a waiver of any claim of force majeure by Contractor. Upon receipt of Contractor's written notice, County shall determine, in its sole discretion, whether a force majeure event has occurred and whether a schedule extension or other accommodation is warranted; any extension of time or accommodation granted by County shall be formalized through a contract modification or change order signed by both parties. County shall not be obligated to grant Contractor any increase in compensation due to a force majeure event and shall not be liable to Contractor for damages or increased costs; an extension of time shall be Contractor's sole remedy. The County may terminate the contract, in whole or in part, if a force majeure event materially impairs performance or frustrates the purpose of the contract, without liability to Contractor other than payment for goods or services properly delivered and accepted prior to termination.

Notwithstanding the foregoing, contracts for goods or services expressly entered for emergency response purposes following manmade or natural disasters/emergencies shall not claim force majeure for delays and/or failures in performance by Contractor that are in any way related to emergency/disaster conditions (i.e., fuel shortages, airport closures, lodging shortages, etc.) and shall be expected to perform immediately following such event.

49. NO CLAIM FOR DAMAGES

No claim for damages or any claim other than for an extension of time may be made or asserted against County because of any delays. No interruption, interference, inefficiency, suspension, or delay in the commencement or progress of the work will relieve Contractor of duty to perform or give rise to any right to damages or additional compensation from County. Contractor's sole remedy will be the right to seek an extension to the contract time. However, this provision will not preclude recovery of damages by the Contractor for hindrances or delays due solely to fraud, bad faith, or active interference on the part of County.
