

SCOPE OF WORK

Project Name: Fleet Maintenance Facility Tree Trimming

Address: 20423 Independence Blvd., Groveland, FL

Project Manager: Christina Shelton

Unless otherwise noted, the Contractor shall provide all required labor, material, equipment, plans, engineering, surveys, permitting, and local and state inspections to provide a 100% turnkey project. Change orders shall not be issued for incidental items or tasks that should have been reasonably construed to be part of the project by the Contractor.

1. PURPOSE

- A. The purpose of this Scope of Work is to direct the Contractor to trim back the overhanging limbs and canopy of trees located on the adjacent neighboring property that extend over the fence line onto the County's Fleet Maintenance Facility property at 20423 Independence Blvd., Groveland, FL.

2. SCOPE OF WORK

- A. The Contractor shall furnish all labor, supervision, equipment, tools, traffic control, insurance, and disposal services necessary to trim, cut back, and remove the overhanging limbs and canopy growth from the neighboring property's trees along the shared fence line at the Fleet Maintenance Facility.
- B. The Contractor shall establish and maintain a minimum vertical clearance of ~~14~~ 20 feet from fence line over all paved parking, drive aisle, and vehicle staging areas to prevent limb contact with parked or moving vehicles, including full-size pickup trucks and service bodies.
- C. Debris removal and site cleanup. All cut limbs, brush, leaves, and wood debris generated by the work shall be removed from the site and legally disposed of by the Contractor the same day work is performed. The parking lot and drive areas shall be left free of debris, wood chips, and sawdust, including sweeping/blowing of the pavement surface.
- D. Traffic and pedestrian safety. The Contractor shall provide all necessary barricades, cones, and signage to secure the work area from vehicle and pedestrian traffic during operations and shall maintain safe access to and from the Fleet Maintenance Facility at all times.
- E. The Contractor shall confine all trimming, climbing, rigging, and equipment operation to the County's side of the property line/fence.

3. SITE ACCESS AND SCHEDULING

- A. The Fleet Maintenance Facility is an active operational site with vehicles and equipment moving throughout the day. Work shall be scheduled with the Project Manager at least 24 hours in advance
