- Section 15: Regulatory information; and
- Section 16: Other information, including date of preparation or last revision.

The CONTRACTOR shall designate a competent person of its organization whose duty will be the prevention of accidents. This person must be literate and able to communicate fully in the English language because of the necessity to read job instructions and signs, as well as the need for conversing with management personnel. This person will be the CONTRACTOR'S superintendent unless otherwise designated in writing to the COUNTY'S Project Manager. All communications to the superintendent will be as binding as if given to the CONTRACTOR.

6.11 Underground Utilities. Any required digging or subsurface work will be done in accordance with Chapter 556, Florida Statutes. It will be the responsibility of CONTRACTOR to have all underground utilities located before any work begins (Sunshine State One Call 1-800-432-4770). The repairs of any damaged underground utilities because of the work being performed by CONTRACTOR will be the responsibility of CONTRACTOR. The proper utility company will be contacted immediately to expedite the repairs if damage has occurred. CONTRACTOR will notify the COUNTY and provide a written explanation of the incident within two days of the damage to any underground utilities.

6.12 Maintenance of Traffic.

A. In the event that any of the work is conducted within any public right of way, the CONTRACTOR shall provide proper Maintenance of Traffic (MOT). Unless otherwise specified, the standard specifications to be used for the Service will be the strictest and latest edition as promulgated by the Florida Department of Transportation (FDOT) or the Federal Highway Administration (FHWA).

B. Maintenance of traffic will be the responsibility of the CONTRACTOR, is part of the CONTRACTOR'S proposal price, and must conform to FDOT'S most current editions and supplements of Standard Specifications for Road and Bridge Construction, Roadway and Traffic Design Standards, Manual or Uniform Minimum Standards for Design, Construction and Maintenance for Streets and Highways, or the Federal Highway Administration (FHWA) Manual on Uniform Traffic Control Devices (MUTCD), as applicable. These documents can be ordered from FDOT, Maps and Publications Department, 605

Suwannee Street, Tallahassee, Florida, 32399-0450, or by going to the FDOT website at:
<https://www.fdot.gov/publications/publications.shtm>.

C. All costs associated with MOT must be included in the CONTRACTOR'S proposal price. No separate line items for MOT will be included in the cost estimate. If the CONTRACTOR does not comply with all of the FDOT and the FHWA standards (i.e., signs, qualified flaggers, and barricades), the COUNTY reserves the right to direct the CONTRACTOR to cease operation until deficiencies are corrected. In addition, no road closures will be allowed except in the case of emergencies.

D. If the CONTRACTOR feels that assistance from an off-duty police officer is needed, it will be the responsibility of the CONTRACTOR, at the CONTRACTOR'S sole cost and expense, to hire and pay for this service.

E. All lane closures must have the prior approval of the COUNTY.

F. These requirements are to be considered a minimum and the CONTRACTOR'S compliance will in no way relieve the CONTRACTOR of final responsibility for providing adequate traffic control devices for the protection of the public and the CONTRACTOR'S employees throughout the work area.

G. The use of public roads and streets by the CONTRACTOR must provide minimal inconvenience to the public and traffic. Furthermore, if the CONTRACTOR is utilizing a road by driving slow moving equipment, the operator must allow no more than three (3) vehicles to be backed up behind them at any time before pulling to the side to let traffic pass.

6.13 General Inspection Requirements.

A. The CONTRACTOR shall furnish the COUNTY with every reasonable accommodation for ascertaining whether the work performed and materials used are in accordance with the requirements and intent of the contract documents. If the COUNTY so requests, the CONTRACTOR shall, at any time before final acceptance of the work, remove or uncover such portions of the finished work as may be directed. After examination, the CONTRACTOR shall restore the uncovered portions of the work to the standard required by the specifications. Should the work so exposed or examined prove unacceptable in the opinion of the COUNTY, the uncovering or removal, and the replacing of the covering or making good of the parts removed, will be at the CONTRACTOR'S expense. However, should the work thus exposed or examined prove acceptable in the opinion of the COUNTY, the uncovering or removing and the replacing or the covering or making good of the parts removed, will be paid for as unforeseen work.

B. If the COUNTY should, at any point before, during, or after, completion of construction activities, fail to reject defective work or materials, whether from lack of discovery of such defect or for any other reason, such initial failure to reject will in no way prevent the COUNTY'S later rejection when such defect is discovered, nor obligate the COUNTY to final acceptance or payment, and the CONTRACTOR will make no claim for losses suffered due to any necessary removals or repairs of such defects.

C. If, during or prior to construction operations, the COUNTY rejects any portion of the work on the grounds that the work or materials are defective, the COUNTY shall give the CONTRACTOR notice of the defect, which notice may be confirmed in writing. The CONTRACTOR will then have seven (7)

calendar days from the date the notice is given to correct the defective condition. If the CONTRACTOR fails to correct the deficiency within the seven (7) calendar days after receipt of the notice, the COUNTY may take any action necessary, including correcting the deficient work utilizing another CONTRACTOR, returning any non-compliant goods to the CONTRACTOR at the CONTRACTOR's expense or terminating the contract. The CONTRACTOR may not assess any additional charges for any conforming action taken by the COUNTY. The COUNTY will not be responsible to pay for any product or service that does not conform to the contract specifications.

D. Should the CONTRACTOR fail to remove and renew any defective materials used or work performed, or to make any necessary corrections in an acceptable manner and in accordance with the contract requirements, within the time indicated in writing, the COUNTY will have the authority to cause the unacceptable or defective materials or work to be corrected as necessary at the CONTRACTOR'S expense. Any expense incurred by the COUNTY, whether direct, indirect or consequential, in making these repairs, removals, or renewals will be paid for out of any monies due or which may become due to the CONTRACTOR. A change order will be issued, incorporating the necessary revisions to the contract documents, including an appropriate decrease to the contract amount. Such costs will include, but not be limited to, costs of repair and replacement of work destroyed or damaged by correction, removal or replacement of the CONTRACTOR'S defective work and additional compensation due the COUNTY. The CONTRACTOR will not be allowed an extension of the contract time because of any delay in performance of the Service attributable to the exercise by the COUNTY of the COUNTY'S rights and remedies under this Agreement. If the CONTRACTOR fails to honor the change order, the COUNTY may terminate this Agreement for default.

E. All work performed and all materials furnished must be in reasonably close conformity with the tolerances indicated in the specifications. In the event the COUNTY'S Project Manager finds the materials or the finished product in which the materials are used and not within reasonably close conformity to the specifications, the COUNTY'S Project Manager will then make a determination if the work will be accepted and remain in place. In this event, the COUNTY'S Project Manager will document the basis of acceptance by a Change Order that will provide for an appropriate deduction as needed in the contract price for such work or materials as the COUNTY'S Project Manager deems necessary to conform to the determination based on the COUNTY'S Project Manager's professional judgment.

F. When the United States Government or the State of Florida is to pay a portion of the cost of construction, the work will be subject to such inspection by Federal or State representatives as deemed necessary, but such inspections will in no case make the United States Government or the State of Florida a party to this contract.

6.14 Service Materials and Storage.

A. Unless otherwise specified within the contract documents, all materials to be used to complete the Service, except where recycled content is specifically requested, must be new, unused, of recent manufacture, and suitable for its intended purpose. All goods must be assembled, fully serviced and ready for operation when delivered. In the event any of the materials supplied by the CONTRACTOR are found to be defective or do not conform to specifications: (1) the materials may be returned to the CONTRACTOR at the CONTRACTOR'S expense and this Agreement may be terminated or (2) the COUNTY may require the CONTRACTOR to replace the materials at the CONTRACTOR'S expense.

B. Materials must be placed to permit easy access for proper inspection and identification of each shipment. Any material which has deteriorated, become damaged, or is otherwise unfit for use, as determined by the COUNTY, must not be used for the Service, and must be removed from the site by the CONTRACTOR at the CONTRACTOR'S expense. Until incorporated into the work, materials will be the sole responsibility of the CONTRACTOR and the CONTRACTOR will not be paid for such materials until incorporated into the work. If any chemicals, materials or products containing toxic substances are to be used at any time, the CONTRACTOR shall furnish a Material Safety Data Sheet to the COUNTY prior to commencing such use.

C. When not specifically identified in the technical specifications, materials and equipment must be of a suitable type and grade for the purpose which they are used.

D. All unusable materials and debris must be removed from the premises by the CONTRACTOR at the end of each workday and disposed of in an appropriate manner.

6.15 Time for Completion and Extensions.

A. A written Notice to Proceed is required for the CONTRACTOR to schedule or begin work. Purchase Orders will be issued for Services to the CONTRACTOR. Issuance of a Purchase Order is not a directive to begin work unless otherwise specified. Email notice is acceptable.

B. The CONTRACTOR shall diligently pursue the completion of the work and coordinate the work being done on the Service by its subcontractors and material suppliers, as well as coordinate the CONTRACTOR'S work with the work of other contractors so that the CONTRACTOR'S work or the work of others will not be delayed or impaired. The CONTRACTOR will be solely responsible for all construction means, methods, techniques, sequences, and procedures, as well as coordination of all portions of the work under the contract documents. The time for completion requirements are contained in **Article 3.3** above.

C. Should the CONTRACTOR be obstructed or delayed in the completion of the work as a result of unforeseeable causes beyond the control of the CONTRACTOR, and not due to the CONTRACTOR'S fault or neglect, the CONTRACTOR shall notify the COUNTY in writing within twenty-four (24) hours after the commencement of such delay, stating the cause or causes of the delay, or be deemed to have waived any right which the CONTRACTOR may have had to request a time extension.

D. If the CONTRACTOR complies with the twenty-four (24) hour notice requirement, the COUNTY will ascertain the facts and the extent of the delay being claimed and recommend an extension to the contract time when, in the COUNTY'S sole judgment, the findings of fact justify such an extension. The CONTRACTOR shall cooperate with the COUNTY'S investigation of the delays by providing any schedules, correspondence or other data that may be required to complete the findings of fact. Extensions to the contract time may be granted only for those delays which impact the CONTRACTOR'S construction schedule. Extensions of contract time, if approved by the COUNTY, must be authorized by written change order.

6.16 Changes in the Scope of Services.

A. The COUNTY may at any time, by written change order, in accordance with the COUNTY'S Purchasing Policy and Procedures, increase or decrease the scope of the work. For changes in work requested by the CONTRACTOR, the CONTRACTOR must prepare and submit change order requests for the COUNTY'S approval. Each change order will include time and monetary impacts of the change, whether the change order is considered alone or with all other changes during the course of the Service. Both the COUNTY and the CONTRACTOR must execute the change order for the order to become effective.

B. The value of such extra work or change will be determined by the contract unit values, if applicable unit values are set forth in this Agreement. The amount of the change will be computed from such values and added to or deducted from the contract price.

C. If the COUNTY and the CONTRACTOR are unable to agree on the change order for a requested change, the CONTRACTOR shall, nevertheless, promptly perform the change as directed in writing by the COUNTY. If the CONTRACTOR disagrees with the COUNTY'S adjustment determination, the CONTRACTOR must make a claim pursuant to the Claims and Disputes section in this Agreement, or else be deemed to have waived any claim on this matter the CONTRACTOR might have otherwise had.

D. For work not contemplated by the original Agreement where the Project Manager determines the CONTRACTOR is best suited to complete the work, CONTRACTOR may complete the work under a time-and-materials agreement, as provided herein. CONTRACTOR'S quote to complete the additional work will be limited to (i) the CONTRACTOR'S reasonable direct material costs and reasonable actual equipment costs as a result of the change and (ii) direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit. In such case, the CONTRACTOR will keep and present to the COUNTY an itemized accounting together with appropriate supporting data for the total cost incurred. In the event such changed work is performed by a subcontractor, additional work will be limited to (i) the subcontractor's reasonable direct material costs and reasonable actual equipment costs as a result of the change and (ii) direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit. CONTRACTOR may charge appropriate reasonable direct hourly costs related to overseeing and subcontracting the work. All compensation due the CONTRACTOR and any subcontractor or sub-subcontractor for field and home office overhead is included in the markups listed above. Payment to CONTRACTOR will be limited to the amount quoted by the CONTRACTOR for the additional work, which the CONTRACTOR exceeds at its own risk.

E. The COUNTY will not be liable to the CONTRACTOR for any increased compensation in the absence of a written change order executed in accordance with the COUNTY'S policy. The payment authorized by such a change order will represent full and complete compensation to the CONTRACTOR for labor, materials, incidental expenses, overhead, profit, impact costs and time associated with the work authorized by such change order.

F. Execution by the CONTRACTOR of a properly authorized change order will be considered a waiver of all claims or requests for additional time or compensation for any activities prior to the time of execution related to items included in the change order.

G. Upon receipt of an approved change order, changes in the Scope of Services must be promptly performed. All changes in work must be performed under the terms and conditions of this Agreement.

H. Change orders will not be issued for incidental items or tasks that should have been reasonably construed to be part of the project by the CONTRACTOR.

6.17 Sales Tax Recovery Program. In accordance with Section 212.08(6), Florida Statutes, and Rule 12A-1.094, Florida Administrative Code, the COUNTY is tax exempt when it purchases tangible personal property for use in public works projects, subject to certain restrictions. In the event this project is declared a sales tax recovery project by the COUNTY, the following procedures will apply:

A. The COUNTY, through its Project Manager, shall determine whether the COUNTY will directly purchase certain materials required for the Work.

B. If requested by the Project Manager, the CONTRACTOR shall prepare a list of proposed items that may be desirable for COUNTY direct purchasing. Proposed items will be items that are purchased in a single order from a single vendor with a value greater than \$10,000. Upon reviewing this list, the COUNTY will determine whether it will directly purchase certain materials. The COUNTY shall notify the CONTRACTOR in writing of the specific materials which are intended to be purchased.

C. Within ten (10) calendar days from receipt of the written notice described in Article 4.16.B, the CONTRACTOR shall advise the COUNTY in writing of: (a) the date upon which the materials must be on-site according to the construction schedule approved at that time, (b) the date that the CONTRACTOR directs that the COUNTY place the order for the described materials, (c) the location to which the materials are to be delivered, and (d) any other particular details of the order which the CONTRACTOR requests that the COUNTY include in the Purchase Order to the vendor.

D. The COUNTY may, but is not required to, provide the CONTRACTOR with the proposed Purchase Order for the materials. In that case, the CONTRACTOR shall review the Purchase Order for compliance with the construction documents, including, without limitation, the plans, specifications, and construction schedule. Within five (5) calendar days from the receipt of the proposed Purchase Order, the CONTRACTOR shall provide the COUNTY with written approval of the Purchase Order or shall provide written revisions to the Purchase Order, in order that the materials and the delivery will comply with the Construction Documents, including, without limitation, the plans, specifications and Construction Schedule.

E. The COUNTY will place the Order for the materials with the vendor.

F. The COUNTY will take title to those materials directly from the vendor and will bear the risk of loss or damage to the materials which are delivered by the vendor through the time that the materials are delivered to the location designated by the CONTRACTOR. After the materials are delivered to the location designated by the CONTRACTOR, the CONTRACTOR will have full responsibility for their storage, protection, risk-of-loss, and installation pursuant to the construction documents, including, without limitation, the plans, specifications, and construction schedule.

G. The vendor will invoice the COUNTY directly for the materials purchased from the vendor. The COUNTY shall pay the invoices for the materials directly, presenting its sales tax exemption certificate to each vendor at the time of payment.

With respect to the materials specifically designated by this section, the CONTRACTOR will be relieved only of its responsibilities to place the order for the subject materials, to pay for the materials and to insure the materials against loss through the date that they are delivered to the location designated by the CONTRACTOR. Otherwise, nothing in this Agreement will revise or modify the CONTRACTOR'S responsibilities set forth in this Agreement, including, without limitation, the responsibility to schedule the timely ordering and delivery of the materials purchased under this Agreement, the management of the materials once delivered or the incorporation of the materials into the Service, as provided in the construction documents, including, without limitation, the plans, specifications and construction schedule.

THE PURPOSE OF THE SALES TAX RECOVERY PROGRAM IS TO ACHIEVE COST SAVINGS FOR THE COUNTY. THE COST OF ANY MATERIALS PURCHASED THROUGH THE SALES TAX RECOVERY PROGRAM WILL BE DEDUCTED FROM THE CONTRACT AMOUNT. ALL SAVINGS REALIZED BY THE SALES TAX RECOVERY PROGRAM WILL INURE TO THE BENEFIT OF THE COUNTY. IT IS THE CONTRACTOR'S RESPONSIBILITY TO ADJUST ANY SUBCONTRACTS ACCORDINGLY.

The COUNTY and CONTRACTOR shall execute a written change order described in this Agreement and approved in accordance with the COUNTY'S policy and the Change Order will become a part of the contract documents as provided in this Agreement. The CONTRACTOR'S fee will be calculated on the basis that the CONTRACTOR, rather than the COUNTY, procured the materials. Therefore, for purpose of calculating the fee, the total of subcontractor and supplier costs will include payments made by the COUNTY under this program. The calculation of the fee in this manner will provide, among other things, specific supplemental consideration for the provisions of this Article.

6.18 Claims and Disputes.

A. Claims by the CONTRACTOR must be made in writing to the COUNTY within two (2) business days, unless another provision of this Agreement sets forth a different time frame, after the commencement of the event giving rise to such claim or the CONTRACTOR will be deemed to have waived the claim. All claims will be priced in accordance with the section in this document entitled "Changes in the Scope of Services."

B. The CONTRACTOR shall proceed diligently with its performance as directed by the COUNTY, regardless of any pending claim, action, suit, or administrative proceeding, unless otherwise agreed to by the COUNTY in writing. The COUNTY shall continue to make payments on the undisputed portion of the contract in accordance with the contract documents during the pendency of any claim.

C. Claims by the CONTRACTOR will be resolved in the following manner: (1) Upon receiving the claim and supporting data, the COUNTY will within fifteen (15) calendar days respond to the claim in writing stating that the claim is either approved or denied. If denied, the COUNTY will specify the grounds for denial. The CONTRACTOR will then have fifteen (15) calendar days in which to provide additional supporting documentation, or to notify the COUNTY that the original claim stands as is. (2) If the claim is not resolved, the COUNTY may, at its option, choose to submit the matter to mediation. A

mediator will be mutually selected by the Parties and each party will pay one-half (1/2) the expense of mediation. If the COUNTY declines to mediate the dispute, the CONTRACTOR may bring an action in a court of competent jurisdiction in and for Lake County, Florida.

D. Claims by the COUNTY against the CONTRACTOR must be made in writing to the CONTRACTOR as soon as the event leading to the claim is discovered by the COUNTY. Written supporting data will be submitted to the CONTRACTOR. All claims will be priced in accordance with the provisions of the section in this document entitled "Changes in the Scope of Services." The CONTRACTOR shall respond in writing within fifteen (15) calendar days of receipt of the claim. If the claim cannot be resolved, the COUNTY may submit the matter to mediation as set forth above.

E. Arbitration will not be considered as a means of dispute resolution.

F. NO CLAIM FOR DAMAGES OR ANY CLAIM OTHER THAN FOR AN EXTENSION OF TIME MAY BE MADE OR ASSERTED AGAINST THE COUNTY BY REASON OF ANY DELAYS. No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the work will relieve the CONTRACTOR of its duty to perform or give rise to any right to damages or additional compensation from the COUNTY. The CONTRACTOR expressly acknowledges and agrees that the CONTRACTOR will receive no damages for delay. However, this provision will not preclude recovery or damages by the CONTRACTOR for hindrances or delays due solely to fraud, bad faith, or active interference on the part of the COUNTY. Otherwise, the CONTRACTOR will be entitled to extensions of the contract time as the sole and exclusive remedy for such resulting delay, in accordance with and to the extent specifically provided above.

6.19 Acceptance of the Work and Final Payment.

A. The work delivered and services rendered under this Agreement will remain the property of the CONTRACTOR and will not be deemed complete until a physical inspection and actual usage of the Service is accepted by the COUNTY and will be in compliance with the terms of this Agreement, fully in accord with the specifications and of the highest quality. Any goods or services purchased under this Agreement may be tested/inspected for compliance with the specifications listed.

B. Maintenance of Work. The CONTRACTOR shall maintain all work in as-new condition until the final inspection is completed and the work is accepted by the COUNTY. All insurance must be maintained until final acceptance by the COUNTY.

C. Final Invoice. When the work provided for under this Agreement has been completely performed by the CONTRACTOR a final invoice will be prepared by the CONTRACTOR and submitted with a Final Payment Affidavit, attached hereto as **Exhibit D**. The amount of this invoice, less any sums that may have been deducted or retained under the provisions of this Agreement, will be paid to the CONTRACTOR in accordance with Article 4 of this Agreement, and after the CONTRACTOR has agreed in writing to accept the balance due, as determined by the COUNTY, as full settlement of the account under the contract and of all claims in connection with the invoice. Occupancy by the COUNTY alone does not constitute final acceptance.

D. Waiver of Claims. The CONTRACTOR'S acceptance of final payment will constitute a full waiver of any and all claims by the CONTRACTOR against the COUNTY arising out of this

Agreement or otherwise related to the Service, except those previously made in writing and identified by the CONTRACTOR as unsettled at the time the final estimate is prepared. Neither the acceptance of the work nor payment by the COUNTY will be deemed a waiver of the COUNTY'S rights to enforce any continuing obligations of the CONTRACTOR or to the recovery of damages for defective work not discovered by the COUNTY at the time of final inspection.

E. Termination of Contractor's Responsibilities. This Agreement will be considered complete when all work has been completed and accepted by the COUNTY and all warranty periods have expired. The CONTRACTOR will then be released from further obligation except as set forth in this Agreement.

F. Recovery Rights Subsequent to Final Payment. The COUNTY reserves the right, should an error be discovered in the invoice, or should proof of defective work or materials used by or on the part of the CONTRACTOR be discovered after the final payment has been made, to claim and recover from the CONTRACTOR by process of law, such sums as may be sufficient to correct the error or make good the defects in the work and materials, including any fees or costs associated with the additional services of the COUNTY.

6.20 Warranties.

A. All warranties express and implied, must be made available to the COUNTY for goods and services furnished under this Agreement. All goods furnished must be fully guaranteed by the CONTRACTOR against factory defects and workmanship. They will be covered by the most favorable commercial warranty given for comparable quantities of products or services and the rights and remedies provided herein will be in addition to the warranty and do not limit any right afforded to the COUNTY by any other provision of a solicitation. CONTRACTOR shall correct any and all apparent and latent defects that may occur within the manufacturer's standard warranty period at no expense to the COUNTY. Any special conditions within the Scope of Work supersede the manufacturer's standard warranty where such conditions are most favorable to the COUNTY.

B. All warranties will begin on the date of the COUNTY'S acceptance and will last for a period of twelve (12) months unless otherwise specified in the Scope of Services, plans, or specifications. The CONTRACTOR shall obtain and assign to the COUNTY all express warranties given to the CONTRACTOR or any subcontractors by any material suppliers, equipment, or fixtures to be incorporated into the Service.

C. The CONTRACTOR warrants to the COUNTY that any materials and equipment furnished under the contract documents will be new unless otherwise specified, and that all work will be of good quality, free from defects and in conformance with the contract documents. The CONTRACTOR further warrants to the COUNTY that all materials and equipment furnished under the contract documents will be applied, installed, connected, erected, used, cleaned, and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers, or processors except as otherwise provided for the contract documents. This warranty requirement will remain in force for the full period identified above, regardless of whether the CONTRACTOR is still under contract at the time of the defect. These warranties are in addition to those implied warranties to which the COUNTY is entitled as a matter of law.

D. If sod is used as part of an individual Service, it will be warranted to be free of noxious and invasive weeds, disease, and insects. If pests or noxious weeds manifest themselves within sixty (60) days of placement of the sod, CONTRACTOR will treat the affected areas. The process for treating these areas will be approved by the COUNTY. If the sod does not meet any of the required specifications, CONTRACTOR will be responsible to replace it at no expense to the COUNTY. It will be the responsibility of CONTRACTOR to ensure the sod is sufficiently established as described as specified in the Scope of Services, plans, or specifications. This will include watering the sod on a regular basis as needed to keep it alive until established. Established will be considered as being sufficiently rooted, as determined by the COUNTY Project Manager, into the surface that it was installed. If the sod dies or does not become established CONTRACTOR will be responsible for the replacement at no cost to the COUNTY.

E. CONTRACTOR will be responsible for promptly correcting all apparent and latent deficiencies or defects in work, regardless of the project completion status, at no cost to the COUNTY, within five (5) calendar days after the COUNTY notifies CONTRACTOR of such deficiency either verbally or in writing. If CONTRACTOR fails to honor the warranty or fails to correct or replace the defective work or items within the period specified, the COUNTY may, at its discretion, notify CONTRACTOR in writing that CONTRACTOR may be debarred as a COUNTY vendor, and become subject to contractual default if the corrections or replacements are not completed to the satisfaction of the COUNTY within five (5) calendar days of receipt of the notice. If CONTRACTOR fails to satisfy the warranty within the period specified in the notice, the COUNTY may (a) place CONTRACTOR in default of its agreement and (b) procure the products or services from another source and charge CONTRACTOR for any additional costs that are incurred by the COUNTY for this work or items, either through a deduction from the final payment, credit memorandum, or through invoicing. If the Contractor fails to honor this invoice or credit memo, the County may terminate the contract for default.

6.21 Liquidated Damages.

A. Unless otherwise agreed to, weather events are specifically excluded as excused cause for delay under this Agreement and no additional days will be given for rain days. If the deficiencies have been noted and the remedies have not been completed within the contracted time, the COUNTY may send out a notification notifying the CONTRACTOR of an assessment of Liquidated Damages that can be applied for any day over the time allowed under this Agreement.

B. The COUNTY and the CONTRACTOR recognize that, since time is of the essence for this Agreement, the COUNTY will suffer financial loss if the work is not completed within the time specified. The COUNTY will be entitled to assess, as Liquidated Damages, but not as a penalty, for each calendar day after the scheduled completion date the Service continues. The Service will be deemed to be completed on the date the work is considered complete to the satisfaction of the COUNTY. The CONTRACTOR hereby expressly waives and relinquishes any right which it may have to seek to characterize the Liquidated Damages as a penalty. The Parties agree that the Liquidated Damages sum represents a fair and reasonable estimate of the COUNTY'S actual damages at the time of contracting if the CONTRACTOR fails to complete the work in a timely manner.

C. The Liquidated Damages will be as set forth in the following table:

Service/Project Amount	Daily Charge (Per Calendar Day)
\$5,000 and under	\$25

Over \$5,000 but less than \$10,000	\$65
\$10,000 or more but less than \$20,000	\$91
\$20,000 or more but less than \$30,000	\$121
\$30,000 or more but less than \$40,000	\$166
\$40,000 or more but less than \$50,000	\$228
\$50,001 or more	\$250

D. The COUNTY will retain from the compensation to be paid to the CONTRACTOR the above-described sum. If CONTRACTOR is in default for not completing the Service within the time specified, the COUNTY may require CONTRACTOR to stop work on any other project or service to the COUNTY until the Service specific in this Agreement is complete and the Liquidated damages Sum is satisfied.

6.22 Sanitation. If the Service does not involve interior work, the CONTRACTOR shall provide and maintain adequate sanitary conveniences for the use of persons employed for the Service. These conveniences will be maintained at all times without nuisance, and their use must be strictly enforced. The location of these conveniences will be subject to the COUNTY'S Project Manager's approval. All such facilities will be installed and maintained in accordance with applicable Federal, State, and local laws.

6.23 Submittals and Equal Products.

A. Submittals of products required for the Service assigned to the CONTRACTOR under this Agreement, must be supplied to the COUNTY for pre-approval prior to the start of the work. These documents must be provided to the COUNTY at least one (1) week before the installation.

B. If a product or service requested by the COUNTY for the Service has been identified in the specifications by a brand name, and has not been notated as a "No Substitute," item, such identification is intended to be descriptive and not restrictive, and is to indicate the quality and characteristics of product or service that will be acceptable. If the CONTRACTOR offers an alternate product or service for consideration, such product must be clearly identified by the CONTRACTOR to the COUNTY. The COUNTY shall make a determination whether the alternate meets the salient characteristics of the specifications. An alternate product will not be considered for any item notated "No Substitute."

C. Unless the CONTRACTOR clearly indicates in its response that it is proposing an alternate product, the response will be considered as offering the same brand name referenced in the specifications. If the CONTRACTOR proposes to furnish an alternate product or service, the brand name of the product or service to be furnished must be clearly identified. A formal submittal for the alternate/shop drawings must be submitted. The evaluation of the alternate and the determination as to acceptability of the alternate product or service will be the responsibility of the COUNTY and will be based upon information furnished by the CONTRACTOR. The COUNTY will not be responsible for locating or securing any information which is not included in the CONTRACTOR's response. To ensure that sufficient information is available, the CONTRACTOR will furnish as part of the bid or proposal all descriptive material by providing the manufacturer specification sheets so the COUNTY can make an informed determination whether the product offered meets the salient characteristics required by the specifications. Failure to do so will require the use of the specified products.

6.24 Fees. The following is a list of fees that may be assessed to CONTRACTOR during the term of this Agreement. These fees are assessed to help offset the additional costs associated with the COUNTY'S labor and vehicle usage required for unnecessary inspections or missed appointments. The \$80.00 fee shown below is a re-inspection fee for uncorrected workmanship. The fee will be applied to the third inspection and for any subsequent inspections. Any re-inspection fee charged to the COUNTY by other agencies having jurisdiction over the Service, will additionally be charged back to CONTRACTOR. The fees, if any, will be deducted from the final invoices.

Missing scheduled appointments	\$70.00 each occurrence
Failure to respond to emergency calls	\$250.00 per day
Late to emergency calls	\$36.00 per hour
Inspected unacceptable workmanship	\$80.00 each inspection
Failure to provide any and all required documentation or reports	\$75.00 per day
Failure to pass all inspecting authority re-inspections (within 30 days of initial inspection)	\$250.00 per day

6.25 Accuracy. The CONTRACTOR is responsible for the professional quality, technical accuracy, timely completion, and coordination of all the services furnished under this Agreement. The CONTRACTOR shall, without additional compensation, correct or revise any errors, omissions, or other deficiencies resulting from the services provided in this Agreement.

6.26 Business Hours of Operation. Unless otherwise specified in the technical specifications, all work performed must be accomplished between the hours of 8:00 A.M. and 5:00 P.M., Monday through Friday, and no work may be performed on Saturdays, Sundays, or County Holidays, unless permission to work has been requested in writing by the CONTRACTOR and approval, in writing, has been granted by the COUNTY. Request for permission to work must be received by the COUNTY no less than two (2) days prior to the requested workday. The exception to this pre-approval requirement would be in the case of an emergency in which the emergency specification as outlined in General Terms and Conditions, Section 3, Emergencies, would apply. County Holidays are as follows: New Year's Day; Martin Luther King, Jr. Day; Presidents' Day; Memorial Day; Independence Day; Labor Day; Veteran's Day; Thanksgiving Day; Day after Thanksgiving; and Christmas Day.

Special schedules may be established, if necessary, because of problems with noise or similar difficulties affecting other COUNTY facilities, COUNTY operations, or citizens in homes or buildings/rooms adjacent to the work being completed.
